

Gabhart Family Dentistry

Smile Saver Plan

We're making dental care
more affordable!

What is the Smile Saver Plan?

For a low, annual fee you and your family can receive quality dental care, without worrying what is covered or not covered by your insurance. **The Smile Saver Plan (SSP) is not an insurance policy.** The SSP Active Primary Member is responsible for the entire payment of their dental bill after the discount is applied. Services under the SSP are only provided at Gabhart Family Dentistry and do not apply to other dental offices. Limitations and exclusions apply.

This plan cannot be used with insurance or other specials. Payment is due at the time services are rendered. The annual fee is non-refundable. Visits must be used within one year of payment.
